WHAT?

A CryptoParty is a decentral, global initative with the goal, to give everyone access to data encryption and understanding data privacy.

WHO?

CryptoParties are open to everyone. They are free and fun. Everybody can learn to protect themselfs. All you need is your own laptop or a smart phone. Come and see!

WHERE?

CryptoParties happening all over the world.
In Hamburg the next one is at the ThoughtWorks Office in **Großen Burstah 46-48**.

WHY?

At CryptoParties you'll learn how to encrypt your e-mails, chats and files, how to stay anonym and how you can teach others. Everybody has the right for privacy.

WHEN?

September 16th 2015
