CRYPTO PARTY HAMBURG

WHO?

CryptoParties are open to everyone. They are free and fun. Everybody should and can learn to protect themselves. All you need is your own laptop or a smart phone.

WHAT?

A CryptoParty is a decentral, global initative with the goal to give everyone access to data encryption and understanding data privacy.

WHY?

At CryptoParties you'll learn how to encrypt your e-mails, chats, and files; how to stay anonymous and how you can teach others. Everybody has the right for privacy.

WHERE?

CryptoParties are happening all over the world.
In Hamburg, the next one is at the **ThoughtWorks** office: *Großer Burstah 46-48*.

WHEN?

Sept. 16th 2015 - 6:30pm
